

Recommended Hotels in Lappeenranta

It is recommended to stay in a hotel in the Lappeenranta city center and arrive to the university either by public transport (bus) or taxi. The university campus is located in the western part of the city, approximately 7 km from the city center.

Note that there is a Doctoral Conferment as well as a summer festival organized in Lappeenranta the same week as ESSANUF Workshop and TRANSURANUS User Meeting. These might affect the availability of hotel rooms so it is recommended to book your hotel as early as possible.
